

## Extracurricular Activity Information

Student Name:

School:

Grade:

The sharing of school sponsored extracurricular events can be managed separately from the 504 plan and should be handled on a case-by- case basis. Non-school events/activities that use our school grounds (including PTO events) must "reasonably accommodate" students with disabilities, which is triggered by a parental request to the organization.

Would you like your child's 504 shared with school sponsored extracurricular activities?

Yes      No

Please circle all of the school sponsored programs/activities that you would like us to share your child's 504 plan.
